We are doing a land of-fide business.

Norrow & McKenzie

We Learned a Great Truth.

It is said of John Wesley that he once said to Mistress Wesley: "Why do you tell that child the same thing over and over again?" "John Wesley, because once telling is not enough." It is for this same reason that you are told again and again that Chamberlain's Cough Remedy cures cold and grip; that it counteracts any tendency of these diseases to result in pneumonia, and that it is pleasant and safe to take. For sale by all druggists.

SANTAL MIDY

For Kidney & Bladder troubles. Cures in 48 Hours. URINARY DISCHARGES. Each Capsule bears the name SANTAL MIDY. Beware of counterfeits.

Keeley Cure

For Drunkenness, Opium, Morphine and other Drug Using, the Tobacco Habit and Neurasthenia. THE KEELEY INSTITUTE, Dwight, Ill.

BRIEF CITY NEWS

Tomlinson Returns.

G. E. Tomlinson, mining promoter and broker, accompanied by Mrs. Tomlinson, returned from the coast on Wednesday where they have been for the past three months. Mr. Tomlinson is again at his office in the Bank of Bisbee building and is ready for business.

President Robbins Here.

President Robbins, of the Bisbee West Mining company, was a visitor to this city and to the above property. He expressed himself as well pleased with the work being done and the showing being made at the Bisbee West, the mine looking better every day.

Mining Man on Visit.

Edward M. Sturges, of the firm of Sturges & Townsend, of El Paso, is in the city returning from Los Angeles and stopped over in Bisbee to confer with Mr. B. F. Graham, of the Lucky Tiger company. Mr. Sturges was one of the original owners of the Lucky Tiger but since the sale of this gold property, has entered the mining and investment business with headquarters in New York.

Foster Now a Marshal.

Lieutenant Johnny Foster, of the rangers has been raised to the office of deputy United States marshal to succeed Charles Utting. The many friends of the fearless little lieutenant will be pleased to learn that he has been appointed to a berth in the marshal's office. His work as a ranger has placed Foster in the front rank of territorial officers, and there can be no doubt that he will fill his new position to the entire satisfaction of his superiors and the public at large.

Cananea Next.

Doctor H. W. Taylor, the refractive eye specialist, who has been in Naco for the past three days goes to Cananea on Monday, and will make his headquarters probably at the "Elks." The success which has attended the doctor will undoubtedly follow him to the Mexican metropolis of Sonora. Aggravated cases of weak or refractory eyes are the specialty of Dr. Taylor, and an examination may prove of vast benefit to those afflicted in the future use of the most important member of the human frame.

Gilbert Improving.

E. E. Gilbert, the old man who was found in an unconscious condition in Brewery Gulch a few days ago and removed to the Copper Queen hospital is reported as much improved under treatment. Mr. Gilbert is one of the old residents of the city and has been watchman of the Spray shaft of the Copper Queen mines for some time. When found early on the morning of Tuesday last, Dr. Hart was called in and discovered that the patient was suffering from uremic poisoning. Owing to the fact that he had been under the care of Copper Queen physicians in the past he was turned over to the hospital authorities.

An Alderman's Birthday.

That there is no more popular member of the city council, nor none more esteemed among the shift bosses in the mines of this camp was well attested last night when a party of friends gathered at the home of Jack Taylor and took possession of his house and home. The occasion was the birthday of Jack, and he was presented with a handsome token of the esteem in which he is held by his friends in this camp. The evening was passed in games and pleasing contributions from those gathered. Notable among the evening's entertainers was Alderman Hunt, who was introduced as "The Senator from Ireland." Mike kept the gathering in good humor till late hours past an end to it all.

To Bring Many Teams.

Manager Broderick of the football team stated yesterday that he has instructed the secretary of the football organization to correspond with every team with whom it will be possible to play a series of games during the coming season. It is expected that most of the teams from the northern part of the territory will prefer coming here to play than giving the local team the guarantee that it will demand for a trip abroad. Thus Bisbee will see its home team in most of the games played this season. The team is out daily for preliminary practice, and already is fast getting into shape for the season's work. From now on the men will be sent for long runs to the suburbs, this being the best means to get them in shape for the heavy strain of a game. As yet no dates have been arranged.

McCarthy Wants More Money.

P. C. McCarthy, a miner from Cananea, blew into camp a few days ago with more coin than he had immediately use for. Mac was bent on having a good time, and he was a firm believer in the theory that it would be enhanced if strung out over several days. Mac got wise; he deposited his superfluous cash in the till of the Turf saloon and started out. From time to time he found it convenient to draw on his account, but when it came to a point where he thought he had more coming to him he was informed that he had already drawn

down the entire \$175 which he had deposited. McCarthy consulted Attorney J. P. DeMottos, and that legal gentleman brought suit against Tate and Shimp, proprietors of the Turf, to recover \$10, claimed by McCarthy to be still due him. The case will come up this morning, and McCarthy will be represented by Attorney DeMottos. J. M. O'Connell will attend to the defense of Tate and Shimp.

Miner Caught in Cave.

Late last night a miner employee at the Calumet and Arizona, whose name was not learned by the physician, was brought to the Calumet hospital with a deep cut in his head. The man is reported by Dr. Craven to have been caught by a cave-in at the Calumet and Arizona mine. It took seven stitches to close the wound.

Joe Daily Lost Thumb.

Joe Daily lost the thumb of his left hand last evening in an accident at the Lowell shaft of the Copper Queen mines. The accident occurred at the 160 level. Daily caught his finger in the drawhead of the cage and it was mashed to such an extent that Dr. Baum of the Copper Queen staff was forced to amputate it. Daily will remain at the hospital for a few days in order that his injured hand may be properly cared for.

The Morrow Social.

A pleasant evening was tendered to the friends of Mr. and Mrs. H. H. Morrow at their home on school hill last evening. A musical and literary program, added to which were cards and refreshments, served to while away the evening hours. Many friends of Mr. and Mrs. Morrow accepted the invitation to be present and all joined in the verdict that the evening was "the best ever." It was long after midnight when the party came to a close.

Professor Douglas Leaves.

Professor James Douglas of the Phelps-Dodge company left Bisbee yesterday for New York. A special train left this city at 2 o'clock, bearing Professor Douglas, Superintendent Walter Douglas, Superintendent C. E. Mills of the Detroit Copper company of Morenci, and Superintendent H. J. Simmons of the El Paso & Southwestern railroad. The special will convey the party to El Paso, from which point Professor Douglas will proceed to New York. During his last visit to this city Professor Douglas has been very busy with the affairs of the Copper Queen company, and has been but little at home to the public. His return will be looked for with pleasure by all. Professor Douglas is always a welcome visitor to Bisbee, where he has done much toward the improvement of the community.

Thugs' Hearing Today.

The hearing of Thomas De Priest and Charles Davis, charged with an attempt at highway robbery in the hold-up of one J. F. Long, came up today in Justice Brown's court. Both were placed under heavy bond by that justice yesterday and held in jail to await the hour of their hearing, which is set for 2 o'clock in the case against De Priest and 3 o'clock in that against Davis. It now develops that Davis was an accomplice of De Priest in the affair, as he lured Long to the point where the hold-up occurred, and stood by, giving no assistance to the attacked man. This is evidently true from the fact that Davis also made his getaway from the scene of the hold-up when Deputy Sheriff Chidester ordered him to throw up. All the men have been employed at the Pittsburg and Hecla mine, below the city, and came to Bisbee Thursday to have a good time. As a result of the disgrace that has been thrust upon her by the act of her brother, Miss De Priest, who is a student at the Central school in this city, upon hearing of the affair in which her brother's name was mentioned, became hysterical, running to her home in upper Tombstone canyon, and causing a disturbance of the heart to such an extent as to require the administration of an opiate to quiet her nerves.

SMALLER NEWS NOTES.

Mrs. Lilley and family have returned from a visit to Ventura, California, where they have been for the past two months.

Martin Davis, a well known miner who has been employed at Cananea for several months, returned to Bisbee yesterday.

Thomas Whitehead is a visitor in the city from his ranch.

Don Mitchell, who has figured in many mining deals, principally connected with properties in Sonora, came up from Douglas yesterday.

Major W. L. Hargrove, of the B. F. Graham office and Lucky Tiger company, went to Douglas yesterday on business connected with the Lucky Tiger.

Alderman Ed Scott returned to the city yesterday from a mining trip to the Chiricahua.

Attorney George Neal has returned from Tombstone yesterday, where he had been on important business.

Ben Goldman, of Goldman & Mont-

MUST HAVE THE MONEY

Party desires to leave the city—needs cash—therefore any part of 100 shares El Tigre Gold Mining Co. stock at \$15 per share.

T. H. O'Brien, Pioro, N. M.
Ben Goldman, Naco.

MASSACHUSETTS REPUBLICANS.

Boston, Neb., Oct. 2.—The Republicans of Massachusetts assembled in state convention in Tremont Temple this morning and were called to order shortly after ten o'clock by Samuel J. Powers of Newton. After roll call the usual committees were appointed

and adjournment taken to permit the committees to prepare their reports.

The convention will name a full state ticket, headed by W. Curtis Guild, the present lieutenant governor, to be voted for in November. Former Governor W. Murray Crane is chairman of the committee on resolutions. The report of this committee was strongly indorse the Roosevelt administration.

BIG GUN SHAKES BUILDINGS.

San Francisco, Oct. 2.—The concussion, caused by the discharge of a 12-inch gun on Angel Island, fired today by the artillerymen in practice, shattered the windows of houses in Sausalito, shook the houses, knocked down plaster and caused much excitement among the people. The Presidio was also well shaken. The boom of the heavy gun made the general hospital feel unsafe for a few minutes, so violently was it rocked by the shooting. All of the officers' quarters were shaken.

MORROW & MACKENZIE SHOW PANORAMIC VIEW OF TOWNSITE.

About Your Trip East.

Tell me what point you wish to reach, whether you will travel first or second class, and when you will leave home, and I will quote rates, give you full information about our service and mail you literature describing the many interesting sights and scenes along our line.

I will also send you a folder which gives full information about the Rock Island's tourist sleeping car service to Kansas City, Chicago, St. Paul, St. Louis and Memphis.

The Rock Island is the only line operating through-train service from Southern Arizona to Kansas City and Chicago.

Full information at Southern Pacific ticket office or by writing
H. F. COX, General Agent, El Paso, Tex.
